Analysis / performance cookies; It is the data that enables us to analyze and understand the functioning of the website, see which of our pages attract more attention, which resources are viewed more, and then see the traffic on our sites and provide a suitable service for this traffic.

Advertising cookies, on the other hand, are used to identify and serve you content that may be of interest to you, including advertising content.

These cookies are used, processed and kept by Google only with your express assent.

Cookie Name	Sağlayıcı	Target	End Of Use Period
_utma	Google Analytics	Used to distinguish users and their sessions. The cookie is created when the javascript library runs and there are _utma cookies that do not exist. The cookie is updated each time the timestamp is sent to Google Analytics.	It will be deleted as soon as you clear your cache (or one year after your visit to the site).

_utmb	Google Analytics	Used to identify new sessions/visits. The cookie is created when the javascript library runs and there are _utma cookies that do not exist. The cookie is updated each time the timestamp is sent to Google Analytics.	It will be deleted as soon as you clear your cache (or one year after your visit to the site).
_utmc	Google Analytics	ga.js for usability with urchin.js. not used in the set. Historically, this cookie is run in conjunction with the _utmb cookie to determine if the user is in a new session/visit.	It will be deleted as soon as you clear your cache (or one year after your visit to the site).
_utmz	Google Analytics	It stores the traffic source or campaign that describes how the user reached your site. This cookie is created when the Javascript library runs and is updated every time the time information is sent to Google Analytics.	It will be deleted as soon as you clear your cache (or one year after your visit to the site).
_utmh	Google Analytics	The visitor level is traditionally used to store variable information. This cookie is set when the developer uses the _setCustomVar method with the visitor level traditional variable. This cookie is also used for the historical __setVar method, which is no longer used. The cookie is updated when time data is sent to Google Analytics.	It will be deleted as soon as you clear your cache (or one year after your visit to the site).

#### 5- Purposes of Processing Personal Data Processed by Cookies:

- Carrying out information security processes and communication activities (legal reason: "Data processing is mandatory for the legitimate interests of the data controller, provided that it does not harm the rights and freedoms of the data subject") and in this context;
- Performing the basic functions necessary for the operation of our website,
- To ensure the legal and commercial security of you and our company, taking the necessary measures,
- Carrying out advertising activities and marketing analysis studies (legal reason: "explicit consent of the data owner / visitor") and in this context; • Analyzing our website and increasing the performance of our website, for example determining the number of visitors to our website, adjusting performance accordingly, or making it easier for visitors to find what they are looking for,
- Increasing the functionality of our website and providing ease of use, for example, remembering search queries in the next visit of our website visitors,
- To improve our website, to offer new features on our website and to personalize the offered features according to your preferences,
- Targeting and advertising activities are processed within the scope of Personal Data Protection Law and other relevant legislation in order to display advertisements related to the relevant areas of the visitors, for example, on the pages and products viewed by the visitors.

#### 6- Legal Reasons for Processing Personal Data Processed Through Cookies and Collection Method:

Your personal data that we process through mandatory cookies is based on the legal reason that "data processing is mandatory for the legitimate interests of the data controller, provided that it does not harm the fundamental rights and freedoms of the data subject", and your personal data that is

processed through analysis / performance / advertising cookies is only possible if you give your "explicit consent". Within the scope of your visit to our site, it is collected and processed in electronic media by automatic means through cookies.

#### **7- Where Personal Data Processed Through Cookies Is Transferred To:**

Your collected and processed personal data is transferred to the information technology service provider / supplier for the purpose of obtaining information technology services related to the website and to authorized public institutions in order to fulfill our legal obligations.

Regarding analytics/performance/advertising cookies, our Company also owns Google, Inc. It uses Google Analytics, a web analytics service provided by ("Google"). In order for our company to receive these services from Google, the cookies in question and your personal data processed through cookies are transferred to Google and will be stored in Google's data centers abroad.
